

Workers' Compensation Review Time...

Ask yourself these two questions:

- Do you currently pay more than \$100.00 per year to the Bureau of Workers' Compensation?
- Do you think you'll pay more than that in 2007?

If you answered yes to either of these questions, than it's time to assess your Workers' Compensation expenditures. The Bryan Area Chamber of Commerce realizes how critical it is for you, as a small to medium employer, to have accurate information in addressing your workers' compensation challenges. Every year offers are made at this time to help Ohio employers reduce their premiums through group rated programs.

CompManagement has been recognized as the industry leader, representing more employers in the state group program than any other third party administrator. As well as the state of Ohio's workers' compensation employees, they also provide the most accurate and consistent savings for their clients year after year.

Now is the time to explore discount programs for 2007!
